

## SİNEMA ESERİ YAPIMCILARI MESLEK BİRLİĐİ

8th of February, 2023

Dear friends,

On behalf of the Film Producers' Association of Turkey (SE-YAP), we are reaching out to share our pain. Turkey is reeling from horrific back-to-back earthquakes that have devastated the southeastern region of the country. Many of our members have family and friends still under the ruins. We are mobilising to deliver aid, and for this we need your support. Please share this urgent call with your members and join us in solidarity as fellow filmmakers. In such challenging times, it is materially essential and emotionally sustaining to know there is a community lending support from beyond our borders. Any donation, no matter the amount, will have an impact. Solidarity with those in the disaster zone can make all the difference. And it cannot wait—please donate and spread the word now.

This is our account for donations:
