ABOUT ME

I'm a director of photography. I entered the business seven years ago when I began working on large-scale video productions.

I shoot feature films, commercials, documentaries, and music videos. I appreciate using authentic cinematic imagery to communicate a tale.

My goal is to shoot narratives that develop people and give them useful experiences.

My proficiency with light and framing enables me to produce a distinctive mood at the festival I put on as a pastime.

EDUCATION

Lubim.mov DOP School **2020-2021**

I received both theoretical (87 hours) and practical (144 hours) training in cinematography at Ilya Lubimov-founded private school.

CERTIFICATE

Film School Academy **2016**

BSTU University **2015**

EXPERIENCE

DOP **120+ projects**

Brands: Apple, Uber, Audi, McDonalds, Bolt, A1, Lays, InSPORTline, Evo.element, Brave Factory, Dilis

Music video: Sabaton, Okean Elzy, Belle Morte

Experience abroad: United Kingdom, United Arab Emirates, Germany, Czech Republic, Lithuania, Poland, Russia, Ukraine, Georgia.

1AC, 2AC and more **2017 - 2019**

I spent three years working at a movie equipment rental, where I gained a lot of real-world expertise with cameras and other gear as well as video production.

YouTube shows about music and entertainment are something I have a lot of experience with. As a director, producer, DOP, edit and color.
